

WAYNE®

WATERBUG™

MULTI-FLO TECHNOLOGY

**1200 GALLONS
PER HOUR**

**MULTI-FLO TECHNOLOGY
ALLOWS EASY SELECTION
OF THE APPROPRIATE
DISCHARGE FOR THE
APPLICATION**

- **TOP DISCHARGE** is perfect for tight spaces where water removal is needed: Laundry Tubs, Window Wells, Buckets, Bathtubs, etc.
- **SIDE DISCHARGE** is ideal for easy water removal from flat open surfaces: Flat Roofs, Flooded Basements, standing water in yard, shower stalls, etc.
- **30 ft. MAX HEAD** removes water down to 1/16 in. of surface, **VIRTUALLY DRY!**
- **Multi-Ring Suction Strainer** filters debris, and minimizes clogs
- **10 ft Power Cord** for hard to reach places, with **Cord Wrap Handles**
- **Corrosion Resistant**, sealed thermoplastic construction with **6-Leg Stable Base Design**
- **Indoor/Outdoor Approved**
